

# SAFETY ALERT 06-02

## Road Construction Awareness

11 October  
2005

Please be advised- there is road maintenance and construction being conducted on Piney Hills Road. Road blocks are posted on the corner of **Piney Hills and Oklahoma Avenue**. Heavy machinery and asphalt work are underway at this location.

Maintenance personnel (wearing reflective vests) are on the roads to direct traffic. When possible, avoid this construction zone altogether. If you have to travel through this area, proceed slowly and with caution. Be especially watchful of construction vehicles, maintenance workers, pedestrians and other personnel who may be traveling around this area.
